CMSC131, Spring 2022, QUIZ #1 (DURATION: 20 MINUTES) – 30 pts

FIRSTNAME, LASTNAME (PRINT IN UPPERCASE):

STUDENT ID (e.g. 123456789):

INSTRUCTIONS:

- Write a program that will prompt for the user's name. If the input has less than 5 letters, display it with an * after the name. If the input is between 5 (inclusive) and 8 (exclusive) letters, display the input concatenated to itself separated by a space. Finally, if the input has 8 or more letters in it, display the input in all capital letters using the `toUpperCase()` method.

Here are 3 different sample runs (with user input in italic and output in bold just to make it easier to understand how it works).

`Enter your name:` *`Arun`* **`Arun*`**	**Enter your name:** *Alexis* **Alexis Alexis**	**Enter your name:** *Thomas G.* **THOMAS G.**

```
import java.util.Scanner;
public class Q1 {
      public static void main(String[] args) {

      }
}
```
