LIKE A SUBURBAN DRONE by THE CAPITOL STEPS

From *Thank God I'm a Contra Boy*:

Once upon a time
you felt the hurt
wore a tied died shirt
slept in the dirt- didn't you

People used to shout
and say watch out
you're bound to sell out
but you thought that they were all .. kidding you

But now you go out to dance
in a yellow tie and polyester pants
now you talk like your dad
now you wear matress plaid
and say "do you want to barbeque."

How does it feel
AHHH How does it feel
To have a cellular phone
And a colonial home
Like a suburban drone

Ah you thought that life was meaningless
joined the SDS
you were so impressed with Malcom X
Growing marijuna crops, burning buildings,
fighting cops, and having Sex

You used to be so enthsued
with Abby and Eldridge
and the language that they used
Now when you see kids march on the evening news
you don't go join them
you have to much to lose
you're conservative now
you have no time for Bobby Seals

How does it feel
AHHH How does it feel
To be a 90's man
with a miami tan
and be a Reagan fan
a Republicaan.

From *Sheik, Rattle, and Roll* and *Joy of Saz*: Identical to the above except replace "Reagan" with "Dan Quayle"

From *First Lady and the Tramp*

Spoken: Ladies and Gentleman, I've suffered for my music. Now its your turn.

Once upon a time
you felt the hurt
wore a tied died shirt
slept in the dirt- didn't you

People used to shout
and say watch out
you're bound to sell out
but you thought that they were all .. kidding you

But now you go out to dance
in a yellow tie and polyester pants
now you talk like your dad
now you wear matress plaid
and say "do you want to barbeque."

How does it feel
AHHH How does it feel
To have a cellular phone
And a colonial home
Like a suburban drone

Ah you thought that life was meaningless
Joined the SDS
Now your're so distreesed by
Generation X
You don't like their backward caps
Pieced girls sitting on guys laps
And having sex

You used to hang out in peoples park
But now when you see kids spoke dope
You want to .. call a nark
You've turn a page now
You stick with booze
You're middle aged now
You got too much to lose
You got a webapge and
No time for the grateful dea

How does it feel
AHHH How does it feel
To be a 90's man
And drife a minivan
And have a 401K plan
and Alan Greenspan fan

From *Sixteen Scandals: 20 Years of Sex, Lies, and Other Habbits of Our Great Leaders* (This is a book with a retrospective CD. This is NOT the CD 'Sixteen Scandals'.)

Thirty years ago
you felt the hurt
wore a tied died shirt
slept in the dirt- didn't you

People used to shout
and say watch out
you're bound to sell out
but you thought that they were all .. kidding you

But now you find it hard to explain
Why you still hum the tuens of
Jefferson Airplane
Now you warn your Teenage kid
do like I say not like I did
Don't get naked ... in my hot tub

How does it feel
AHHH How does it feel
To be a wealthy man
And drive a minivan
Have a 401K plan
A RepubliCAN
