2 Research, Scholarly, and Creative Activities

- In all references, my name is in **bold**.

- Unless otherwise indicated, the first author is the lead author.

- Underlined names indicate students with whom I collaborated—this includes students for whom I am/was the (co-)advisor and other students where the collaboration was limited to specific projects.

- For work in which a student took the lead, it is customary for the student to be first author, followed by faculty who have played an advisory or mentoring role, followed by other individuals who have contributed. In cases where a student is listed as the first author, a wavy underline indicates colleagues with whom I shared this advisory or mentoring role (to the extent of my knowledge).

- References marked with $^{\alpha}$ indicate that authors are listed in alphabetical order, or that all co-authors contributed equally.
