

CMSC 122 Quiz 2 Worksheet

The second quiz for the course will be on Wednesday, Sep 15 at the beginning of the class. The following list provides more information about the quiz:

- The quiz will be a written quiz (no computer).
- Closed book, closed notes quiz.
- Answers must be neat and legible. We recommend that you use pencil and eraser.

The following exercises cover the material to be included in this quiz. Solutions to these exercises will not be provided, but you are welcome to discuss your solutions with the TA or instructor during office hours. For this quiz you should only be familiar with the following CSS properties and pseudo-classes: color, font-size (using em for size), a:link, a:visited, a:hover, a:active, font-style (italics), background-color, and font-weight.

Exercises

1. Define an HTML table that has two rows and three columns. The data in the table are names of your favorite restaurants. Use a border value of 2 for the table.
2. Define a css rule that makes all paragraph's text red.
3. Define a css rule that makes a link blue (when it has not been selected) and purple once it has been selected.
4. An html file has a div tag as follows:

```
<div id="contents">  
    House is really nice  
</div>
```

Define a css rule using id selectors that defines the background of the contents area to be blue.

5. An html file has a div tag as follows:

```
<div class="importantSection">  
    Projects need to be submitted today.  
</div>
```

Define a css rule using class selectors that defines the font of the div area to be twice the default font size and makes the text appear in yellow and in italics.

6. What is the difference between an id selector and a class selector?
