Please Note. Since we are close to the end of the semester (when many students have project-deadlines etc.), this homework will not be graded. However, you are strongly urged to work on all of these problems. We will hand out solutions to these problems—please compare your solutions with these.

Please do the following seven problems in the textbook: 32.3-2, 32.3-3, 34.1-4, 34.2-10, 34.3-5, 34-2, and 35.1-2.
