

The Grid: What and Why

Alan Sussman

CMSC 818S

January 29, 2004

Notes

- After today, for each class, send me one question via email about the readings for that class – discussion topics
 - by midnight the night before!
- Next lecture will be a message passing tutorial, once we finish the Grid intro (may take us into next class)
- Grid 2 text will be on reserve soon in CS library
 - until then, can copy from mine
 - copies of Chapters 1-3?

Notes (cont.)

- Class mailing list
 - sign the list to get account on Linux cluster, and email about class-related items
- Need 2 volunteers to do Grid Architecture – Chapter 4 of Grid 2 (Architecture) book then Open Grid Services Architecture (OGSA)
