

Announcements

- Your “True names” individual paper is due next Wednesday April 5. See the “Individual Paper” entry in documents section of the class web page.
- You have one week to talk to your TA regarding any grading issues, after scores for graded material has been made available in grades.cs.umd.edu.
- Any questions about Project #4?

Whois Servers in Grace

- Demo – whois server in solaris
- Demo – whois server in linux

Project #4

- Demo – How to use heron.wico.lib.md.us library system
 - telnet heron.wico.lib.md.us
- Demo – <http://terraserver.microsoft.com/>
 - Topological maps for entries looked up in terraserver
- Demo – Locatin information about registrars via <http://www.internic.net/>
