

# Questions

- Project #4
- HW #7
- Class survey

# Visions of the future (I)

Star Fire (Sun's vision in '92)

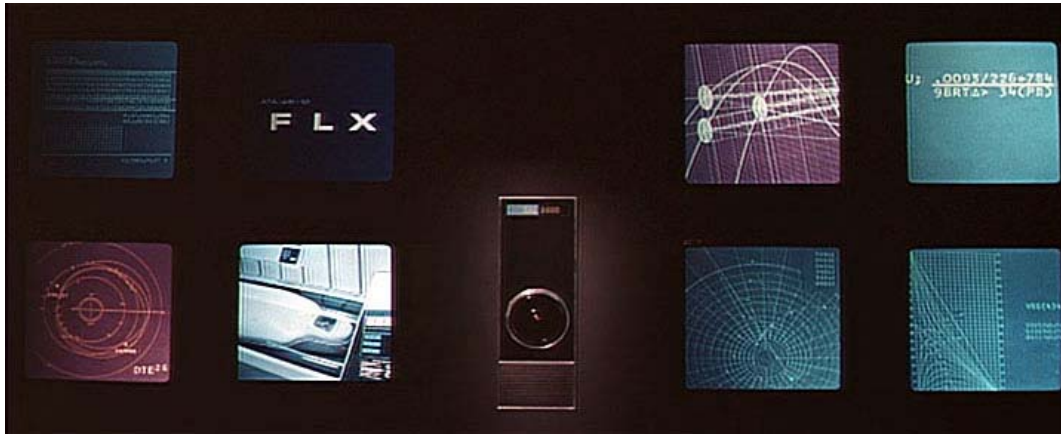

Knowledge Navigator (Apple's vision in '87)

# Minority Report

# “2001: A Space Odyssey” (S. Kubrick, 1971)

## Vision of the future (II)

Connected products (IDEO vision in '00)

# The computer for the 21<sup>st</sup> Century

(Mark Weiser)

- Key breakthroughs
  - Network technology
    - *High connectivity*
    - *High mobility*
    - *Good bandwidth*
  - Storage
    - *No need for delete*
  - Context aware
    - *Not AI*
    - *Privacy?*
  - Collaboration aware
    - *Easy to collaborate with them*
    - *Substrate for interactions*
      - Moving information around between appliance
