CMSC122 Quiz 1 Worksheet

The first quiz for the course will be on Fri, Jul 17. The following list provides additional information about the quiz:

- The quiz will be a written quiz (no computer).
- Closed book, closed notes quiz.
- Answers must be neat and legible.
- Quiz instructions can be found at http://www.cs.umd.edu/~nelson/classes/utilities/examRules.html

The following exercises cover the material to be included in this quiz. Solutions to these exercises will not be provided, but you are welcome to discuss your solutions with the TA or instructor during office hours. When asked to write HTML code only provide what will appear in the <body> </body> section (no need for <html>, <head>, <body>, and DOCTYPE).

Exercises

1. What is an IP Address?
2. What is the relationship between an IP Address and a domain name?
3. What is a web server?
4. What is HTTP?
5. What are the two main parts of an HTML document?
6. Which HTML tag can be used to define a paragraph?
7. Which HTML tag can be used to define a line break?
8. Name some of the attributes associated with the <img> tag.
9. Define the HTML associated with a list of your three favorite desserts.
10. Define an HTML table that has two rows and three columns. The data in the table are names of your favorite restaurants. Use a border value of 1 for the table.
