Document name: ABC Video System

Defects			
Defect #	Page	Class	Description
1	8	O	Missing functional requirement for handling error cases: What if account # is not found during lookup?
2	9	I	Inconsistency with the general requirements: Page 4 specifies a limit on the number of tapes that can be outstanding on rental. Page 9 put the limit on the number of tapes that can be rented at one transaction. These limits are not the same.
3	10	E	The policy for filing the physical forms is outside the system currently under consideration and should not be specified here.
4	11	A	What it means to 'update the rental' is never fully specified.
5	13	M	Meaningless requirement: 'run on all common computer systems'
