

# **CMSC435; Section 0101**

## **Feb. 09, 2006; Quiz #1**

**Student's Name:** \_\_\_\_\_

Question 1: You are developing the user interface of a web-site for a small local store. You are the only developer. The customer does not really have a clear idea of what he wants. Which of the development processes discussed in class will you use? Why?
