

2. Explanation of content **24 Points (6 points each)**

a. Organization. Was presentation focused on key elements of the research?
Were ideas presented in a logical sequence that made them easy to understand?

b. Was material clearly explained?

c. Were questions answered knowledgeably? Did presenter make sure (s)he understood questions before answering them, and that questions were repeated so that everyone could hear them? Were answers concise and to the point?

d. Was discussion initiated with intriguing open questions?

3. Presentation **16 Points (4 points each)**

a. Quality of Powerpoint (when used). Were slides clear and uncluttered, with legible writing? Did slides contain figures, graphs and tables where these might help clarify the material? Were animations used as appropriate? Or did speaker wave at slides where animations might have made them clearer? If whiteboard was used, did speaker write legibly and in an organized way?

b. Did speaker make eye contact with audience?

c. Was presentation loud and clear?

d. Was speaker animated, conveying enthusiasm for the subject (extra points for humor)?
