

Policy for CMSC 389: Advanced Discrete Structures

Nickname: Discrete Math Plus Plus

<http://www/cs.umd.edu/~gasarch/389/W15/W15.html>

Prerequisite: CMSC 250. Informal Prerequisite: that you LIKED CMSC 250 and got at least a B in it.

Overview: We will cover topics in discrete math that are more advanced than those in CMSC 250. We will also take advantage of the fact that, since you've had CMSC 250, you already know how to do proofs!

Class Time and Place: Mo-Tu-We-Th-Fr 1:00-1:50, CSI 1121. Jan 5-Jan 23; however we get Martin Luther King Day (Monday Jan 19) off.

GRADING: There will be (roughly) daily HW, one midterm, and one final. HW is worth 25%, the midterm is worth 30%. and Final is worth 45%. *MIDTERM:* Wednesday Jan 14. 1:00-2:30. *FINAL:* Friday Jan 23 1:00-2:30. For HW, Midterm, Final you must hand in your own work—academic dishonesty will be dealt with harshly, resulting in a hearing in front of the acad honor council. HW must be *neatly* written. You will lose points for sloppiness.

HW, Mid, Final Excuse Policy: The HW will typically given on day n and due on day $n + 1$ at the beginning of class since I may go over it IN class. There will be roughly 10 HW's. No late HW will be accepted except with a documentation (e.g., a doctors note). If you miss an exam and can provide a documented excuse within a day then you will get a makeup. If you know you will not be able to take an exam or do a HW on time ahead of time for Religious or other reasonable reasons, let me know ASAP.
