**SAMPLE MEMORY MAP (PLEASE FOLLOW THIS FORMAT FOR QUIZZES AND EXAMS)**

```java
public class SampleMemoryMap {
    public static void process(int[][] data) {
        int delta = 4;

        /* HERE */
    }

    public static void main(String[] args) {
        int value = 20;
        int[] cutoffs = {90, 80};
        String[] tas = {"Kelly", "Jane"};

        int[][] scores = new int[2][3];
        scores[0][1] = value;

        String[][] names = new String[2][3];
        names[0][1] = "Peter";

        process(scores);
    }
}
```
