

**Note:** We want to see braces even if the body of the conditional or loop is a single statement.

**Style 1 (3 or 4 spaces indentation)**

```
if (condition) {  
    statement;  
}
```

```
if (condition) {  
    statement;  
} else {  
    statement;  
}
```

```
if (condition) {  
    statement;  
} else if (condition) {  
    statement;  
} else if (condition) {  
    statement;  
}
```

```
while(condition) {  
    statement;  
}
```

```
do{  
    statement;  
} while (condition);
```

## **Style 2 (3 or 4 spaces indentation)**

```
if (condition)
{
    statement;
}
```

```
if (condition)
{
    statement;
}
else
{
    statement;
}
```

```
if (condition)
{
    statement;
}
else if (condition)
{
    statement;
}
else if (condition)
{
    statement;
}
```

```
while(condition)
{
    statement;
}
```

```
do
{
    statement;
}
while (condition);
```
