CMSC433, Fall 2001
Programming Language
Technology and Paradigms
www.cs.umd.edu/class/spring2002/cmsc433-0201

Adam Porter
Jan. 29, 2002

The Waitlist (if any)

• I expect to take in:
  – CS undergraduate majors with GPA 3.25 and 330 grade of B or higher
  – CS graduate students
• Send me a note
  – with GPA, grade in CMSC 330, other info

Office hours

• Professor Adam Porter (aporter@cs.umd.edu)
  – TuWTh 2:00-3:00PM
• TA: Hui-feng Wen (hfwen@cs.umd.edu)
• Always posted on class webpage:
  www.cs.umd.edu/class/spring2002/cmsc433-0201
  – Or by appointment
• We will respond to questions only IF you provide 2 plausible answers to your question

Projects

• Projects due at 6pm
  – by Unix time of day
  – late deadline of next sunrise, 20% off
  – you must submit a good-faith effort by sunrise
    • you can be failed for the course if you do not
• Read the newsgroup – csd.cmsc433
  – Only visible from inside UMD
  – Post public questions here, instead of using email
• We will read regularly, and respond, IF your posting contains 2 plausible answers to your question

Projects (cont.)

• Class accounts will be emailed
  – to the email account you’ve registered with UMEG
  – so make sure you forward that account to wherever you read email
  – if you don’t receive an account by next class, talk to me

submit

• Use online submit program to submit projects
  – e.g., submit 1 p1.h p1.cc
  – provide list of file names, not a tar ball
  – link to the submit program in grading account ~ap43302/bin/submit
• Submit early and often
  – Can provide recovery from previous submit
Project Commentary

• You will be emailed two other submissions; respond with commentary on each
  – you will be graded on the usefulness of your commentary

Topics

• Java
• Multithreaded programming
• Distributed programming
• Component software
  – Java Beans
