

Announcements

- **Midterm on Monday**
- **Friday will be review time, bring questions**

Logical Operators

And

```
if (A && B) {  
    // runs if BOTH are true  
}
```

Or

```
if (A || B) {  
    // runs if EITHER is true (or both)  
}
```

Not

```
if (! A) {  
    // runs if A is NOT true  
}
```

Example: [LogicalOps.html](#)

In Class Exercise

Practice HTML, CSS, and JavaScript

Three phases:

- JavaScript prototype
- HTML structure
- CSS style

In Class Exercise

Prompts:

- **What is your name?**
- **Do you want to see a table (Y/N)?**
- **Do you want to see a list (Y/N)?**
- **Do you want to see a paragraph (Y/N)?**
