

Not well-formed BSL programs (did you run it?)

6:48 PM

In some of these “revised” calendars they still aren’t valid BSL programs
Are these students even running their code???

6:50 PM

This but I'm serious are they

No tests, purpose statements, or signatures

Translating signatures into purpose statements

“takes a Posn and produces a Posn”

Not following style guide, like at all

“Backfilling” design process

Divide and be conquered
