

CMSC 132 Quiz 5 Worksheet

The fifth quiz for the course will be on Wed, Dec. 7. The following list provides additional information about the quiz:

- The quiz will be a written quiz (no computer).
- **The quiz will be in lab / discussion session.**
- Closed book, closed notes quiz.
- Answers must be neat and legible.
- The quiz has a maximum duration of 25 minutes.
- Make sure you know your section number and your discussion TA's name. Bring your student id.
- You must take your quiz in your assigned lab / discussion session and not show up to a random one. We will not grade quizzes taken in the incorrect section.
- Please do not discuss a quiz after you have taken it.
- Piazza will be closed on days quizzes take place.
- **Regarding Piazza** - Feel free to post questions in Piazza regarding the worksheet and possible solutions to problems.

How to prepare for the quiz:

- Review the slides and examples on Threads. There will be some short answer questions on Threads and code writing that involves Thread. The assumption will be that you are comfortable with material we have covered prior to Threads (e.g. nested types, data structures such a BST, etc)
- There are no publicly available old quizzes on Threads that I can share with you. Sorry ☹. However, if you study the slides and posted examples, you should be well prepared for the quiz.
