

# Announcements

- **Grades are visible on the grades server  
(Comments about project grades are there too)**

# Style Tag

**When using the Style tag, please DON'T use the type attribute.**

**Instead of:**

```
<style type="text/css">
```

**Use just:**

```
<style>
```

# Exams

- **If you took the exam at ADS, they haven't returned them to us yet.**
- **Median score was 79**
- **Upper Quartile was 88**
- **Lower Quartile was 70**

**Do not write on the Exam!!**

# Mistakes in your Javascript...

What happens when you run incorrect code?

Example: [BuggyCode.html](#)

How can we figure out what went wrong?

- In Chrome

Open the “Java Console”: *Ctrl-Shift-J*

On Macs: *Command-Option-J*

# The Power of Computing

**Why do we need computers? Computers are FAST.**

**To harness this potential we need to be able to REPEAT operations many, many times.**

**Two techniques for repetition:**

- 1. Loops (We will learn next)**
- 2. Recursion (Maybe if we have time)**
