

CMSC198R Final Exam Worksheet

The final exam for the course will be on Fri, Jul 31. The following list provides additional information about the quiz:

- The exam will be open book, open notes.
- You will provide your answer by uploading a folder with your solutions to the submit server (additional information will be provided later on).
- The exam will start at 10:00 am and end at 12:00 pm. If you have any questions, you can post them in Piazza.

Topics

- Only the following HTML tags
 - How to define tables.
 - How to define forms using text fields and buttons.
 - How to define ordered and unordered lists.
 - Other tags you should be familiar with:
 - `
`
 - ``
 - `<h1></h1>`
 - `<div></div>`
 - `<p></p>`
 - ``
 - `<a>`
- Variables
- Expressions
- Loops
- Conditionals
- Defining your own functions
- Number function
- You should understand how to use the prompt, document.writeln, alert functions, and document.getElementById
- Only the following CSS: how to define a color (color property) and size (font-size property) for an HTML tag (e.g., a paragraph, div).

The exam will **NOT** cover:

- Animation (setInterval)
- localStorage
- Sound
- Video

Practice Material

Some practice material can be found at

<http://www.cs.umd.edu/class/summer2020/cmsc198R/exams/final/ReviewQuestions.pdf>

We will not post solutions to the above practice material, but you can discuss your solutions with TAs during office hours. You can also post your solutions in Piazza so others can help (yes, for the final it is OK to post code associated with the above practice material).
