CMSC198R Midterm/Quiz Worksheet

The combined midterm/quiz for the course will be on Fri, Jul 24. The following list provides additional information about the quiz:

- The quiz will be open book, open notes.
- You will provide your answer by uploading a folder with your solutions to the submit server (additional information will be provided later on).
- The quiz will start at 12:05 pm and end at 1:00 pm. If you have any questions, you can post them in Piazza. There will be no lab that day as you will be working on the quiz.

The following exercises cover the material to be included in this quiz. **JavaScript will not be part of the quiz.** Solutions to these exercises will not be provided, but you are welcome to discuss your solutions with TAs or in Piazza.

Exercises

1. What are the two main parts of an HTML document?
2. Which HTML tag can be used to define the title of a page.
3. What is character entity reference? Provide two examples.
4. Name some of the attributes associated with the <img> tag.
5. Define the html associated with an ordered list of your three favorite desserts.
6. Define the html associated with an unordered list of songs you like.
7. Define an HTML table that has two rows and three columns. The data in the table are names of your favorite restaurants. Use a border value of 1 for the table (even though we know it will not validate 😊)
8. Add CSS to the previous table, so it has borders and it validates.
9. Create a page that includes:
   a. An image
   b. A link to your favorite web site
   c. A paragraph with your name and the name of your school.
   d. Use CSS so the font size is 2em, the background color of the page is something other than white, and the color of text is other than white or black.
   e. Make sure your page validates.
