3. Once logged in, **access the fair** by navigating to the left navigation bar and clicking on *Event Registration/Career Fairs*. Navigate to the event and click on the red “*View Chats*” button.

Options	Career Fairs
<input checked="" type="checkbox"/> Registered	Virtual Fair Demo - Friday, August 28 (redo 9/3) View Chats

4. **Confirm your 1-on-1 Video Chat information.** If any changes are needed, please update accordingly by clicking the “*Video Chat Instructions*” button.
The **Video Chat Instructions** should include the meeting link to the video conferencing platform you will be using to connect with students 1-on-1.
The **Alternate Chat Instructions** provide space to list an alternate way for candidates to contact you if technical difficulties arise.

Video Chat Instructions

Video Chat Instructions *

Enter instructions for attendees on how to join your chat.

If we have any issues, call my cell at 111-111-1111 or email our HR contact at HR@help.org

Note:
Use the hyperlink function so students can click on your direct link without having to copy and paste into another browser.

UNIVERSITY OF MARYLAND Day of Virtual Career Fair Instructions for Employers

5. Individual representatives will not have access to modify the **Profile Information** (Name, title, division, email). Only the registering contact (person who registered on behalf of the organization) or the event organizer can make these changes. Please reach out accordingly if changes are needed.

6. **Optional:** To add a **profile picture** that would be viewable to students who view your organization page or get in the queue for a video chat. Click on the **Account** icon with your initials and select “**Personal Profile**”

7. The point of contact for your organization who completed the registration form has preset the **expected chat time per student**, which is the same for all representatives. You cannot modify this on an individual level. However, if you need more or less with a candidate, independently extend or end the chat time during your video chat session.

8. **Set your Status to Online.**

This is a critical step to ensure students know your organization is ready to engage.

9. **Start your video meeting** using the video link provided in Video Chat Instructions and **keep your video meeting running for the entire length of the fair**. Make sure you have two browser windows open side by side - one for video meeting (to engage students) and another one for Careers4Terps (to view the timer and manage your virtual queue).

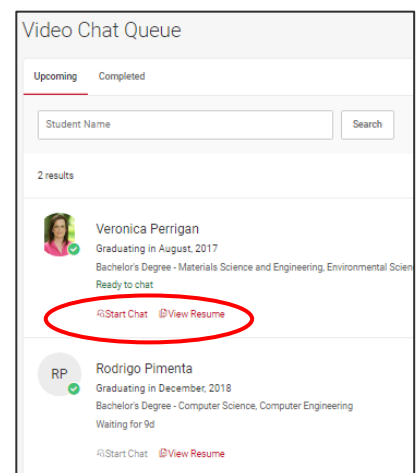

10. If your **Alternate Chat Instructions** include a phone number, make sure to have your phone handy if students experience technical difficulties.

11. When the fair starts, you will see students populate in **your Video Chat queue**.

12. **Select the student at the top of the list**, unless the student is already video chatting with another representative from your company. Be patient, as it may take a couple of minutes for a student to join your video chat.

13. Once you have started to video chat with a student, **watch the timer** which will count down from the maximum time to zero. When time is up, you will see an alert and hear a “ping” sound. You will have the option to extend the time by 2 minutes or end the chat.

14. When you are done, click **End Chat in Careers4Terps**, and **Dismiss Attendee in your video meeting**. This enables you to keep your video meeting running, ensuring no overlap between students. Do not close your video meeting!

UNIVERSITY OF MARYLAND Day of Virtual Career Fair Instructions for Employers

15. The student will now show in the **Completed side of your Video Chat Queue**. You can **make notes** that might be helpful, including *Interested* or *Not Interested* in, contact to pass candidate along to or anything else worth remembering. This information is not be seen or shared with the student.

16. **To view and invite the next student(s) in your queue**, click back to the “*Upcoming*” side of your Video Chat Queue.

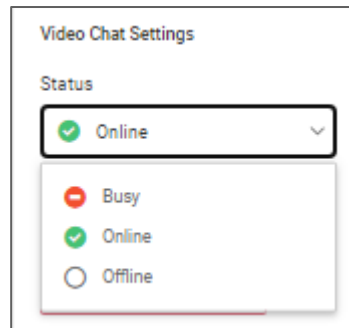

17. **Repeat steps 12-16 for the duration of the fair event.**

18. If the next **student in your queue is busy** chatting with another company, they will show as “busy” and you will not be able to select them. They will however, remain at the top of your queue and will show as available to chat once they are free.

19. If you need to step away for a short break, **set your Status to “Busy”**. Students can continue to join your queue. Once ready to resume, change your status back to “*Online*” and invite the next student to video chat.

20. If you need to take a longer break and no other representative from your company is Online, then **set your Status to “Offline”**. Students will be notified that you are no longer online and will likely leave your queue.

21. Before or during the fair, you can **generate interest in your organization by inviting students to video chat**. From the breadcrumbs at the top of the page, click on “*Career Fairs*” then click on the “*All RSVP'd Students*” tab, use Advanced Search to find students of interest, select them and use the “*Mail To/Invite to Chat*” button. A default email template will appear which you can customize and send out.
