
2. Andrew Childs – proposed creating two courses – an undergraduate course which would “mirror” the graduate course. Possibly cross-listed in the Physics Department. Discussion followed. A graduate course is already being taught by Andrew Childs, which will be taken from a special topics course number to a regular course number.

It was suggested that an email vote be done since a quorum was not met. Alan Sussman will talk to Samir about it. A straw vote of the room was taken:

Security class – unanimously yes
UG – unanimously yes
Grad – unanimously yes
