Unknown singer. I just have it on tape. Not sure from where.
Tune: Memphis Blues.

Santa rides his reindeer
Up and down the Rooooooooof
Couldn't get across the border
Seems he didn't have enough Proooooooof
But me I keep on saying
Wondering in time
If Santa Really exists
or is he.. just a state of mind

Oh, Santa, can this really be the end
To be stuck inside the North Pole
With those passport blues Agaaaaaaain!
