

Infinite Brains? Infinite Eyesight?

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

1) The **problem**: the players have to be able to see ∞ far.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

- 1) The **problem**: the players have to be able to see ∞ far.
- 2) The **solution**: the players need unctble stuff in their heads.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

- 1) The **problem**: the players have to be able to see ∞ far.
- 2) The **solution**: the players need unctble stuff in their heads.

BILL: We assume the players have ...

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

- 1) The **problem**: the players have to be able to see ∞ far.
- 2) The **solution**: the players need unctble stuff in their heads.

BILL: We assume the players have ... big brains.

Infinite Brains? Infinite Eyesight?

EZRA: I have an **objection** to the problem and the solution.

BILL: If you are not part of the **solution** then you are part of the **problem**.

EZRA: I don't want to be part of the **solution** or part of the **problem**.

BILL: Okay. Whats your objection.

EZRA: ObjectionS plural.

- 1) The **problem**: the players have to be able to see ∞ far.
- 2) The **solution**: the players need unctble stuff in their heads.

BILL: We assume the players have . . . big brains.

EZRA: Thats bullshit man. People's brains aren't that big.

Celebrate the Objections

Celebrate the Objections

BILL: You've had two **objections:**

Celebrate the Objections

BILL: You've had two **objections:**
People's eyesight is finite.

Celebrate the Objections

BILL: You've had two **objections:**

People's eyesight is finite.

People's brains are finite

Celebrate the Objections

BILL: You've had two **objections:**

People's eyesight is finite.

People's brains are finite

Rather than refute your **objections** I have written two songs to **celebrate** your objections

Celebrate the Objections

BILL: You've had two **objections:**

People's eyesight is finite.

People's brains are finite

Rather than refute your **objections** I have written two songs to **celebrate** your objections

EZRA: That's bull—

Celebrate the Objections

BILL: You've had two **objections:**

People's eyesight is finite.

People's brains are finite

Rather than refute your **objections** I have written two songs to **celebrate** your objections

EZRA: That's bull— Really?

Celebrate the Objections

BILL: You've had two **objections:**

People's eyesight is finite.

People's brains are finite

Rather than refute your **objections** I have written two songs to **celebrate** your objections

EZRA: That's bull— Really? How do they go?

I Like Big Brains

I Like Big Brains

BILL:

I Like Big Brains

BILL:

I like big brains and I cannot lie!

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

That when a player walks in with an itty-bitty brain

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

That when a player walks in with an itty-bitty brain

At the Hat Game, they are lame

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

That when a player walks in with an itty-bitty brain

At the Hat Game, they are lame

(Wait for applause if there is any.)

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

That when a player walks in with an itty-bitty brain

At the Hat Game, they are lame

(Wait for applause if there is any.)

EZRA: That **song** is lame. Its almost as bad as the

Bolzano-Weierstrass Rap.

I Like Big Brains

BILL:

I like big brains and I cannot lie!

You other brother can't deny!

That when a player walks in with an itty-bitty brain

At the Hat Game, they are lame

(Wait for applause if there is any.)

EZRA: That **song** is lame. Its almost as bad as the

Bolzano-Weierstrass Rap.

Do you have a better one?

A Better Song

A Better Song

BILL: I have a better song and a better singer.

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

BILL: In the audience we have the famous singer, who will be doing next years Superbowl halftime show,

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

BILL: In the audience we have the famous singer, who will be doing next years Superbowl halftime show, **Bad Sequence!**

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

BILL: In the audience we have the famous singer, who will be doing next years Superbowl halftime show, **Bad Sequence!**

MEGAN: Really! How did you get **Bad Sequence!**?

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

BILL: In the audience we have the famous singer, who will be doing next years Superbowl halftime show, **Bad Sequence!**

MEGAN: Really! How did you get **Bad Sequence!**?

BILL: I let her take my course in Ramsey theory.

A Better Song

BILL: I have a better song and a better singer.

EZRA: Who did you get to sing the song?

BILL: In the audience we have the famous singer, who will be doing next years Superbowl halftime show, **Bad Sequence!**

MEGAN: Really! How did you get **Bad Sequence!**?

BILL: I let her take my course in Ramsey theory.

EZRA: Sounds like a win-win!

A Better Song

BILL: I have a better song and a better singer.
