

Advice for Final

1. The final is on May 15 12:00 Noon-6:00 wherever you are sitting since you can get it from the hw website then.
2. When studying try to UNDERSTAND, not just memorize.
3. Recall the rules
 - 1) You may use my slides, notes you took, but you cannot get help from a human, from AI, or from the web other than the slides.
 - 2) I am counting on your fine moral character to obey the rules.
4. When studying try to UNDERSTAND, not just memorize.
5. Go over the HW you handed in. Since you had ChatGPT do it for you, you might not really understand it. So go over it to understand it.
6. When studying try to UNDERSTAND, not just memorize.
7. TOPICS: On the slides page I have, or every slide packet, written either NOT ON FINAL or FAIR GAME FOR FINAL
8. When studying try to UNDERSTAND, not just memorize.
9. Do not try to find my old HWs and exams in the hope that I will ask the same question on the final. The course changes too much for that to work. If you want practice problems (1) make up variants of the HW, (2) the midterm, (3) the optional project, (4) the web.
10. When studying try to UNDERSTAND, not just memorize.
11. Work on the take-home part SOON so its not hanging over your head when you are studying for the in-class part.
12. When studying try to UNDERSTAND, not just memorize.
13. When studying if you have a question then you can ASK Bill or Javier or Piazza or a classmate. IF you ask the web or an AI make sure you UNDERSTAND and BELIEVE the answer— For this course they are often wrong or right-but-weird.
14. When studying try to UNDERSTAND, not just memorize.
