

Notes on Jane Mystery: Murder at Moseby

1 15 Years Ago AND Today

15 years ago

1. Anthony Germaine and Jane Da Silva were going out.
2. At the Poe Festival Anthony took some pictures. In the background of one there seemed to be two people loading a body into a car. It was foggy and he didn't know what he saw but for a while he had a funny feeling that something had happened. But he didn't report it. Not sure what to report and also see next item.
3. Jane Da Silva's mother died that night by a car accident where she was on the other side of town, a hit and run. There was a partial license plate ROB which will probably be important in the next movie. So a mysterious death. This was traumatic so she broke up with Anthony and went to tour Europe. Her leaving was abrupt and Anthony didn't know where she went. This is another reason why he didn't go to the police-the night was hectic enough.

Present Day Anthony is preparing for the Poe Fest and comes across the pictures. He now thinks it is definitely a picture of two people loading a body into a car. He goes to Jane with it. They think they see a parking sticker so the car belongs to a member of the faculty from then. They might still be faculty!

2 People Who Almost Surely are Innocent

1. *Jane Da Silva* A lounge singer who inherits her families charity called *The Foundation* Jane is going undercover at the school as *Emma Wiley* and helping put together a musical number fort the Poe festival.
2. *Sadie De Silva* Jane's Aunt. Works for the Foundation.
3. *Detective John Cameron* A Cop who works with the Foundation. Love interest for Jane?
4. *Anthony Germaine* Ex-boyfriend of Jane. Came to her with the picture hoping that the Foundation would take the case.
5. *Sylvia* She works in admissions. She got Anthony a list of all faculty who have been there for at least 15 years. She was suspicious of Jane (posing as Emma), broke into Emma's house (or office?), and was caught. She figured out that Emma is Jane. She is now helping them. I am not sure if she will really help them or if they are just giving her stuff to keep her busy. They have lied to her- telling her that Jane is working undercover to bust an ID-thief ring. I think they could use her for the arxivs of what was going on at school 15 years ago.

6. *Nami Hisako* NEW case. She was reported missing by her Japanese parents (who I think are in Japan). Nami is 34 years old and stopped writing to her parents and seems to have disappeared. Did she get tired of them? Foul Play? They found that she was using an alias Hana Oharu. Anthony recognizes her as someone who used to work at Moseby

3 The Other People

1. *Dean Simpson* He is the current Dean. In the past he was married but his wife ran off with his wife. At the time he was a wreck but since he is Dean now I assume he got over it. He has a Japanese thing in his office- a connection to Nami?
2. *Professor Savage(Female)* She is a professor who is working on costumes for the Poe festival. She was at the first Poe festival 15 years ago. She didn't remember much from it, though that may be because that night she was served divorce papers. Two students (in current day) mentioned that she had a nervous breakdown.
3. *Anthony Germaine* Ex-boyfriend of Jane. Came to her with the picture hoping that the Foundation would take the case.
4. *Professor Penn (Old Male)* Professor of literature. He was at the first Poe festival and remembers that Jane sang very well but then disappeared. Does not recognize that Emma is Jane. He gave Jane photos from that night at her request. He was the MC at the Poe festival.
5. *Drew*
6. *Mrs. Pearce* She is a professor who had an affair with a students father and then got the student a scholarship that he did not deserve.
