

The following diagrams show the prerequisite structure for most computer science courses.

**\*NOTES:**

- CMSC434: Do not requires PSYC100
  - CMSC427: Also has a prerequisite of MATH240 (Linear Algebra) or MATH461.
  - CMSC435: Prerequisite: 1 course from CMSC412, CMSC417, CMSC420, CMSC430, CMSC433
  - CMSC456: (CMSC330; CMSC351) or 2 MATH4xx
  - CMSC460 and CMSC466: Prerequisite: CMSC106 or CMSC131, MATH240, and MATH241
- 460 and 466 come up as duplicate credit at the university level. A student physically cannot take both.
